

enVista and Retalon Partnership

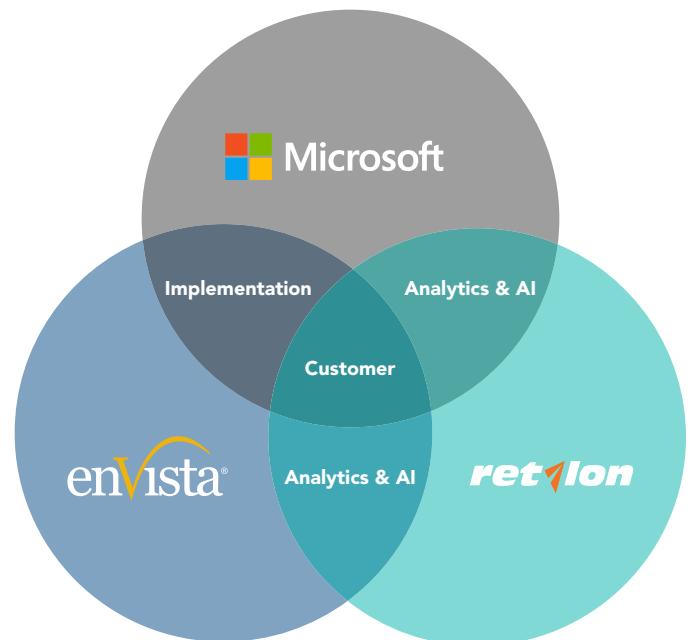

enVista and Retalon Partner to Enhance Unified Commerce Solutions and Microsoft Dynamics 365 Platform with AI and Predictive Analytics

enVista and Retalon have partnered to offer artificial intelligence (AI) and predictive analytics for enVista Order Management System (OMS) and Microsoft Dynamics 365 (D365) clients. The partnership brings together Retalon's award winning AI and Predictive Analytics with enVista's industry leading OMS and 20+ years of retail consulting experience to deliver a best-in-class unified commerce solution. Additionally, the partnership leverages enVista's deep knowledge of D365 implementations and consulting combined with Retalon's AI to ensure a quick return on investment.

Partnership Benefits to Retailers

- Best of breed combination of the most advanced ERP system, Retail AI platform and OMS with world class implementation
- Fully automated and seamless process of order and inventory management
- Immediate increase in revenue and gross margin, as retailers obtain an ROI that is multiples of the solution and implementation cost in a matter of first one to two months after implementation
- Pre-sale AI Analytics Assessment that specifically identifies areas of potential improvement with specific examples and the quantified benefits
- A comprehensive solution that supports your growth without additional investment of time or money

Retalon AI and Predictive Analytics Enhances enVista OMS

enVista's Order Management System (OMS) is the cornerstone solution for omni-channel success and increases revenue and reduces costs. enVista's functionally rich OMS optimizes omni-channel order orchestration and delivers the enterprise inventory visibility required to unify commerce.

enVista OMS order fulfillment rules include best ship methods based on estimated shipping costs from integrated third-party carriers. With integration to Retalon's most advanced AI and predictive analytic solutions, fulfillment decisions also factor in the predicted margin potential in fulfillment decisions to maximize total profitability.

enVista Is Retalon's Microsoft Dynamics 365 Partner

Microsoft Dynamics 365 is quickly becoming one of the preferred ERP systems for progressive retailers. Dynamics 365 delivers a complete omni-channel solution that unifies back-office, in-store, and digital experiences to personalize customer engagement, increase employee productivity, optimize operations, and deliver better business outcomes.

Retalon has selected enVista as its Microsoft Dynamics 365 Partner because of enVista's wide range of Microsoft capabilities. By partnering with enVista, retailers using Microsoft Dynamics 365 benefit from having a single partner that can address all implementation and support needs across the Microsoft platform. enVista helps retailers with the design, development, implementation and support of D365 and provides custom enhancements.

About enVista

enVista is a leading global software solutions and consulting services firm enabling enterprise commerce for the world's leading manufacturers, distributors and omnichannel retailers. enVista uniquely delivers both physical and digital commerce solutions – optimizing supply chain efficiencies to drive cost savings, and unifying commerce to drive customer engagement and revenue.

These comprehensive capabilities, combined with enVista's market-leading Unified Commerce Platform, and the firm's ability to consult, implement and operate across supply chain, transportation, IT, enterprise business solutions and omni-channel commerce, allow midmarket and Fortune 100/5000 companies to leverage enVista as a trusted advisor across their enterprises.
