

enVista's retail consulting practice areas span both physical and digital commerce with end-to-end services to enable enterprise commerce - from concept to consumption, order capture to fulfillment, and from supplier to end consumer.

End-to-End Consulting Expertise

enVista's success is defined by our customers' success. To deliver profitable and successful solutions, our retail business approach is "strategy first" and our technology approach is "integration first."

Trusted Advisors

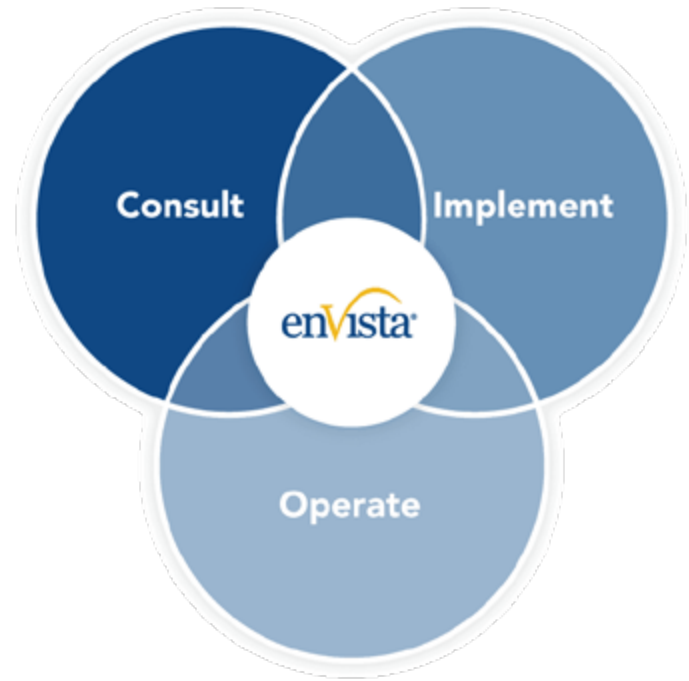

We bring over 20 years of retail and supply chain consulting and solutions delivery expertise

in helping the world's leading omnichannel organizations unify commerce and transform their business to optimize the customer experience. Our expertise uniquely spans both physical and digital commerce to help you solve complex omnichannel requirements, and to provide a consistent, stellar brand experience throughout your enterprise.

Our consulting team has deep retail knowledge and experience working for retail organizations prior to becoming consultants. We leverage best practices from our projects and experience to maximize the success and value of your projects.

Consult – Implement – Operate Approach

enVista's approach to retail projects starts with understanding your environment and challenges to help guide your strategy and roadmap for success. Once you have selected the right solutions for your situation, our team is ready to successfully implement your technology based on best practice processes to reduce project timeframes and maximize value. After your solutions are up and running, we offer training, change management and ongoing maintenance and support services.site.
