

# enMotion Warehouse Control Systems

**Reliable.** Rest assured that your systems are well cared for. 24/7 isn't a tagline, it's our commitment.

## enMotion

**enMotion** Warehouse Control System (WCS) by enVista is a user friendly Material Handling Equipment control platform that provides superior service. Whether a package conveyor system, automatic zone routing, shipping sorter, load planning, multi-lane merge, unit sorter, or other system, enMotion ensures maximum uptime. In addition to physically controlling machinery, **enMotion** provides operational directions to support auxiliary warehouse tools like Pick-by-Voice, Pick-by-Light, RF data transition and Print & Apply through its data management functions. **enMotion** communicates directly with the Warehouse Management System (WMS) and is built to drive the process in your DC. enMotion operates in concert with the WMS to direct routing or shipping plans while constantly confirming and editing transactions.

- Single Contact Point for WMS
- Real-Time Data Collection
- Real-Time Query Solutions

- Real-Time Status and User Input
- Carton Tracking and Auditing
- Accountability
- Strong Platform for Customization

## Configurable

**enMotion** is available as an out-of-the-box package or highly customized system to meet your specific needs. Our engineers perform rigorous processes to assure that your operations run smoothly from day one.

### Our Process:

- Concept Development
- Software Functional Specification
- Define Third Party Interfaces
- Design Database – Form Follows Function
- Design, Code & Test Logic
- Project Management
- Install, Integrate and Commission
- User Training
- 24/7/365 Support

## enView

A real-time window to the shop floor, enView enables management to view crucial operational and statistical data from any web browser with the proper login. enView monitors:

- DCS
- HighJump
- JDA
- Manhattan Associates
- Optum
- SAP
- Swisslog

## Facility Design Experience

Anixter	Oxford University Press
Bass Pro Shops	Peapod
Boot Barn	Random House
Collections, Etc. Dansko	Southern Wine & Spirits
Ecco	The Sports Authority
Guitar Center	Staples
Home Shopping Network	The TJX Companies
Luxottica	Wirtz Beverage
McGraw Hill	Wolverine
Musicians Friend	5.11 Tactical
	and many more

## Industries Served

Automotive  
CPG  
Grocery  
Life Sciences  
Manufacturing  
Retail  
Wholesale

Web-based, real-time monitoring and control of your system from any location

## Benefits

- ▶ Superior Uptime
- ▶ Broad Range of Applications
- ▶ Proven interfaces to WMS and ERP
- ▶ Basic Install
- ▶ User Friendly
- ▶ Easily Configurable
- ▶ Quick Diagnostics
- ▶ Cost-effective
- ▶ 24/7 Support
- ▶ Operational Reports
