

# Microsoft Application Management

Transform your enterprise and drive growth with enVista's proactive management services. enVista's specialized solutions cater to both legacy and SaaS Microsoft applications, delivering unmatched flexibility, scalability and speed.

With a focus on proactive management, enVista empowers enterprises to optimize their legacy and SaaS Microsoft applications, ensuring availability and compliance with its Microsoft application management services.

## Subscription-Based Microsoft Application Management

enVista understands the importance of staying up-to-date with Microsoft updates and security patches. Its subscription-based Microsoft Application Management service ensures that your applications are continuously monitored and updated. While Microsoft customers can pause, delay, or opt out

of an update, we provide a seamless experience, allowing you to stay current without the hassle. Our service ensures your business benefits from the latest features and security enhancements without any disruption.

## Key Benefits

### Ensure Availability

Ensure your Microsoft applications are accessible when you need them with enVista's Microsoft Application Management. We guarantee optimal performance and compliance with Microsoft standards, ensuring seamless access to your applications when your business demands it.
