

enVista and Zebra Technologies have a strategic partnership designed to deliver advanced technology solutions to optimize supply chain and warehouse management operations. Zebra's product portfolio includes mobile devices, edge technology, RFID and IoT solutions that complement enVista's expertise in supply chain management, network planning, material handling and automation engineering to enhance operational efficiency and visibility across supply chains. Together, we provide comprehensive solutions for managing supply chains, enabling workers and ensuring ongoing performance through managed services.

## Partnership Highlights

enVista's premier partnership status within Zebra's Solutions Partner Program ensures access to cutting-

edge innovations and top industry resources. This collaboration leverages customers with best pricing on advanced technology solutions, enhancing accessibility across industries. Our approach encompasses comprehensive solutions that include technology, project management, managed service and seamless ERP integration – addressing diverse business needs effectively.

## Capabilities & Offerings

### Project Management & Managed Services

- enVista offers extensive project management services to oversee the successful implementation and integration of Zebra's technology solutions.
- Managed services provided by enVista ensure ongoing support and optimization of deployed systems.

## ERP Integration

- Our team has the expertise to integrate Zebra's solutions with existing ERP systems, enhancing overall operational efficiency and data coherence.

## Emerging Edge Technology Solutions

- **Enterprise Mobile Devices:** Effectively enable the connected worker.
- **RFID Asset Tracking:** Deploy advanced RFID solutions for real-time tracking of assets, improving inventory accuracy and operational efficiency.
- **IoT Sensing:** Utilize IoT sensors for real-time monitoring and data collection, enabling proactive decision-making and maintenance.

## Customer Benefits

By integrating Zebra's cutting-edge technology with enVista's strategic services, we deliver comprehensive, high-performance solutions that optimize operations across supply chains. Our premier partnership ensures cost efficiency with the best pricing, making advanced technologies accessible.

Through advanced RFID and IoT solutions, businesses achieve enhanced supply chain efficiency and accuracy, while staying future-ready with emerging edge technologies that

offer real-time data insights. This collaboration equips organizations to thrive in dynamic market landscapes, driving innovation and operational excellence.

## Implementation Approach

By merging Zebra's innovative technology with enVista's strategic services, we deliver comprehensive, high-performance solutions that seamlessly integrate into existing infrastructures. Our premier partnership ensures cost efficiency, offering competitive pricing on advanced solutions. Businesses can expect enhanced supply chain efficiency and accuracy through industry-leading mobile devices, RFID and IoT technologies.

Moreover, our commitment to staying future-ready means leveraging emerging edge technologies for real-time insights, ensuring sustained growth and operational excellence. Together, we empower organizations to navigate complexities with confidence, driving success in an ever-evolving market landscape.

## About enVista

enVista is the leading supply chain and enterprise consulting firm and the premier provider of supply chain technology & strategy services, material handling automation & robotics, Microsoft solutions and IT managed services. With 20+ years of unmatched domain expertise, enVista serves thousands of leading brands. enVista's unique ability to consult, implement and operate across supply chain, IT and enterprise technology solutions allows companies to leverage enVista as a trusted advisor across their enterprises.

**Consulting and solutions delivery is in our DNA.**
